Dear Sir/Madam

Glasseco Products

As Catering project manager for the National Trust, I have over the last two years used Glasseco products in 7 of our sites for counter tops .

I have been very happy with the flexibility of the product in terms of both the ability to personalise the finishes and its durability in a catering environment. It looks fabulous and is easy to keep clean.

I would be happy to recommend it and I know that my colleagues have used it also in an toilet fit out. It is a perfect fit with our environmental aims and objectives being a recycled product and customers are interested in the story and enjoy the look of the product.

Yours sincerely

Lynda Brewer
Project Specialist
